2. Build your order

In this section, tell us what you wish to ship or store.

You can build your order up out of our purpose-built **Large, Standard, Clothes** and **Book boxes** or by selecting specific items, like furniture, kitchen appliances and sports equipment.

Navigate to these items using the menu on the left or the search function.

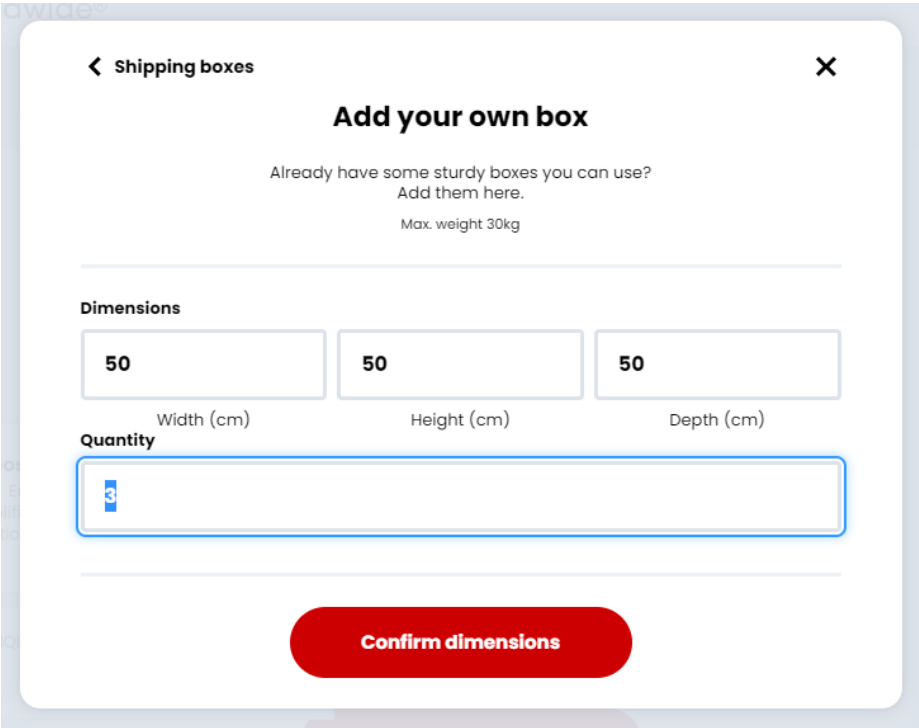

Then add or remove them to your quote by clicking the plus and minus icons or typing directly in the number field.

The screenshot shows the 'Build your order' interface. At the top, a red banner contains the title 'Build your order' and a sub-header 'Tell us what you want to ship. You can build your order up out of boxes, items and furniture.' Below this is a progress bar with five steps: BUILD ORDER (active), PACKAGING, SERVICE OPTIONS, DESTINATION CHARGES, and QUOTE. The main content area is divided into a left sidebar and a right main panel. The sidebar lists various categories with icons and a '0' in a circle: Shipping boxes, Suitcases, Backpacks, Pictures and mirrors, Bedrooms, Dining room, Garden, Kitchen, Sports and outdoors, Musical instruments, Living room, and Office. The main panel displays four box options, each with an icon, a description, dimensions, weight, and a quantity field with minus and plus icons: Large Box (61cm x 41 x 51 / 24inches x 16 x 20(HWD) 30kg max), Standard Box (51cm x 41 x 31 / 20inches x 16 x 12(HWD) 30kg max), Clothes Box (61cm x 51 x 41 / 24inches x 20 x 16(HWD) 30kg max), and Book Box (51cm x 41 x 31 / 20inches x 16 x 12(HWD) 30kg max). At the bottom of the main panel is an 'Add your own box' section with a plus icon and the text 'Add a box'.

You can also add your own boxes or custom items by clicking their respective buttons and entering their dimensions and quantities into the fields in the pop-up.

Select the **Reset** button to remove all the items you've added to your quote and rebuild your order.

5. For International moves, view the destination charges

We at Seven Seas Worldwide are committed to 100% transparency, which is why we've added the **Destination Charges** page to our new quote engine.

Here we explain what these fees cover, why they are unavoidable when shipping overseas and how much you'll pay.

Unlike other companies, our service is end-to-end, meaning we can tell you these charges before you book, preventing hidden costs.

Destination charges in United States

USD 226.00

Payable to Seven Seas Worldwide before your Boxes and Bags delivery.

**100% transparency .
Destination charges explained.**

All countries impose destination charges on international shipments. No matter who you ship with, these fees are unavoidable. But, unfortunately, many overseas shipping or removal companies either:

- don't know the cost of these destination charges, or
- exclude those charges from their quote, leading to surprise costs.

However, we at Seven Seas Worldwide are committed to 100% transparency, and because our service is end-to-end, we can tell you what these charges are **before you book.**

Destination charges include:

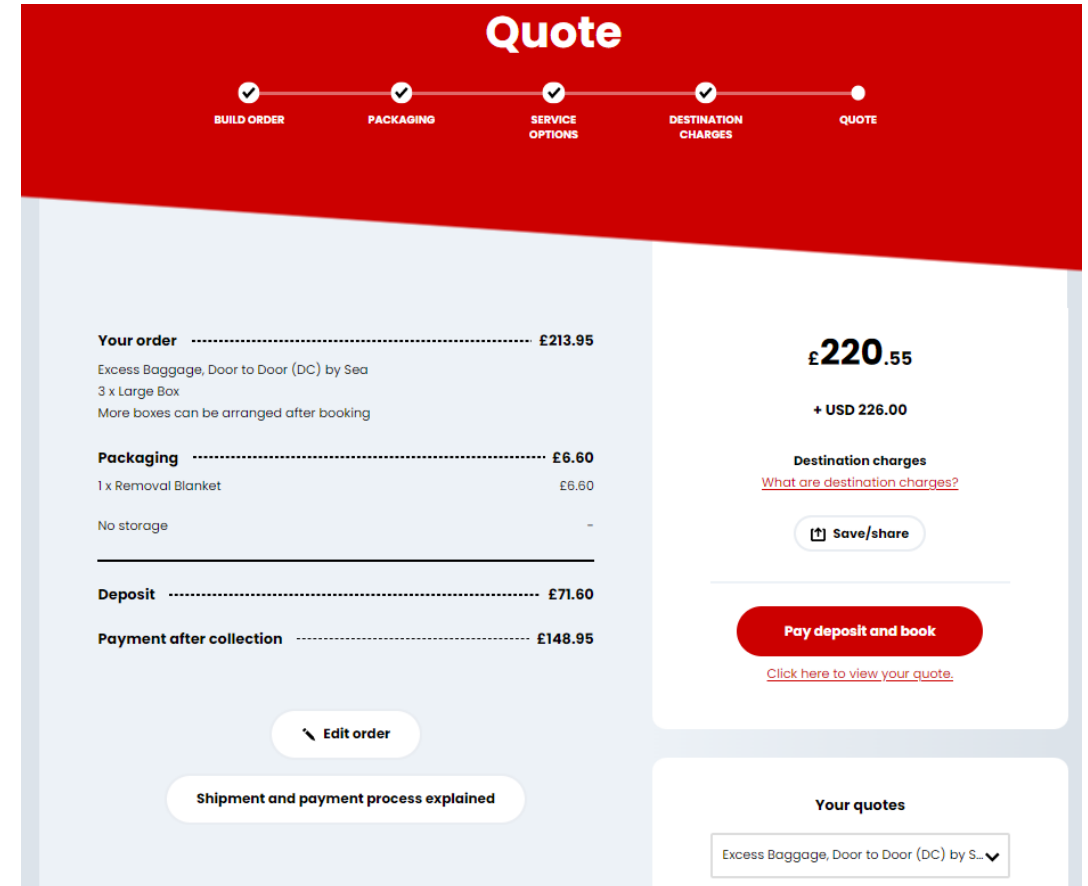

- Transport from the port or import hub to our depot then your address, including tolls, gate fees and demurrage
- Port charges, including discharging the container from the ship and handling it before delivery to our hub.
- Container cleaning, including an x-ray and fumigation
- Hub/depot handling including repositioning and loading for delivery
- Customs and quarantine inspection and clearance
- Storage for two weeks following the shipment's arrival at our hub after customs clearance.
- Unloading time for our driver to assist at the destination
